

TIPS FOR PLANNING EVENTS & ENGAGING EMPLOYEES

UNITED WAY CAMPAIGN

We know that for some companies, the most important part of the United Way campaign is the fundraising goal amount. Did you know that for donors, the most important part is the experience (yes, virtual counts)? Studies found that **56% of donors are more likely to give after attending an event, in-person or virtual.** So, what are you waiting for? Let's plan some (virtual and in-person) events that will get your employees excited and help you reach your campaign goal!

Virtual Event Software

Luckily, there are many different options for software to use to run a successful virtual event! We've done the work for you and picked our favorites.

Zoom Meetings

Hosts will need to create a Zoom account. **Note:** There is a paid option that allows for longer meetings and more attendees.

- Free accounts allow up to 100 attendees; paid add-on options allow for more attendees
- Free accounts have a time limit of 40 minutes; paid has no limit
- Attendees do not need to have software downloaded
- Attendees can "register" to attend through the software and hosts can track registrations and attendance
- Attendees can see each other
- Allows for real-time interactions among host and attendees
- Host can manage muting attendees
- Screen share capabilities

Microsoft Teams

Your organization will need a Microsoft Teams account. You can host events in a variety of ways:

For smaller events and more interaction: Teams Meetings

- Recommended for events of 20 or less
- Attendees do not have to have software downloaded
- Attendees can see each other
- Allows for real-time interactions among host and attendees
- Organizer has the option to mute all attendees when program starts
- Screen share capabilities

[How-to instructions](#)

For larger events with limited interaction: Teams Live Event

- Host up to 10,000 attendees
- Attendees do not see each other
- Does not allow for real-time interactions among host and attendees
- Q&A chat box available for attendees to ask questions after presentation
- Organizer/Moderator and multiple presenter options
- Screen share capabilities

Eventbrite Registration

Eventbrite is an easy event registration management platform.

- Create a page with description, date, time, and graphics
- Ability to collect information about your attendees
- Can be set to private to allow those with a link access

[How-to instructions](#)

- Email capabilities. **Pro tip:** There is a pre-written email set to remind attendees of the event 48 hours in advance; this email can be edited to fit the language of your organization or removed entirely. For virtual events, there are 30-minute and 10-minute reminder emails.

EVENT PLANNING

Here's your ultimate checklist to use when planning events this year.

1. Decide the event details:
 - o A large meeting or a series of smaller meetings?
 - o Who is speaking?
 - o Duration?
 - o Visuals?
 - o Interactive elements? (Ex. play a video, host a game)
 - o Incentives?
 - o In-person or virtual? Hybrid?
2. Include a company representative, an agency speaker, a United Way representative or an employee willing to share a personal testimonial about United Way. **Pro tip:** Studies show that people are more likely to give when they hear, or see, how their friends give.
3. Determine what software to use, if virtual or hybrid.
 - o What is the goal of the event?
 - o Do you want interaction between the host and the attendee?
 - o What software features do you need?
4. Create a way to track attendees. **Note:** Depending on the software you choose, you can see who has signed up and who you need to follow up with. See our Virtual Event Software section above for more information.
5. Invite attendees. **Pro tip:** Have fun with it! Add a picture (or a meme) and get them interested.
6. If allowed, you can still put up signs and posters around the office encouraging your coworkers to join the virtual event.
7. For virtual and hybrid: Practice using the software. Use the software to practice starting the event, going through the program with speakers so they know how it will transition to them or how they can share their screen, practice hosting a Q&A for attendees, etc.
8. Send a reminder with details on the in-person event or how to log in to a virtual event.

CAMPAIGN KICKOFF

You can still hold an engaging and inspiring (even virtual) kickoff to motivate your employees to support your United Way campaign.

- Ask the CEO or another top executive to speak at the kickoff and show employees the leadership team supports campaign.
- Have a representative of United Way or a United Way agency speak about the impact of your company's support. You can request an agency speaker or someone who has been helped by United Way on our Campaign HQ website. **Did you know?** By understanding who United Way helps, the agencies we support, and the causes we align with, your employees will be able to better connect with the campaign.
- If possible, make part of the kickoff interactive and fun. Ideas could include running a poll, showing a video, playing a game, having a giveaway or incentive for those who make their gift at the event or hosting a Q&A.
- If the event is virtual, record the event and share a link with employees who were unable to attend.

CAMPAIGN KICKOFF IDEAS

P.S. These can be done virtually or in-person!

Events & Activities

- Host a United Way **Watch Party** at a **Lunch & Learn** or **Town Hall meeting**. Highlight the United Way video, United Way safety net nonprofit videos, and more.
- Combine your kickoff event with some **special event activities**, like online bingo or attendance raffles.
- **Engage United Way Safety Net nonprofit partners** in your kickoff by having an agency representative or someone they've helped speak at your event or host a virtual tour with an agency to see how they help the community. **Pro tip:** Find a nonprofit that matches your company's culture.
- Challenge employees to **express themselves artistically**. Decorate doors, create sidewalk chalk, whatever it is – have them share what they created and “pay to vote” (donate).
- Have a **costume competition** and “pay to vote” (donate).
- Host virtual nonprofit **speakers' series**. Customize a series of nonprofit speakers to fit the needs of the company's campaign plan.

- Virtual classes (cooking, photography, painting, etc.).
- Online speaker series with United Way partner nonprofits or someone helped by United Way.
- Jeans day/at-home attire passes to wear to work (for companies that are back in office).
- Book exchange.
- Peer-to-peer fundraising challenge.
