Women's Leadership Society

WELCOME TO THE CLUB

We use the power of the United Way network to bring driven women together and make a positive impact in the communities we call home.

Women's Leadership Society (WLS) is a growing community of nearly 3,000 women who collectively give their time, talent and treasure to help people in the St. Louis region.

We celebrate over 25 years of bringing committed and passionate women together to address social issues and work to create a solid foundation for our neighbors. This impact is incredible. Since its founding in 1996, WLS members have raised more than \$147 million.

The Women's Leadership Society has helped United Way create an infrastructure for our community to lean on in times of disaster and crisis. With your support, we can continue ensuring that when people need food, shelter, care, counseling or respite, we are there to help.
