

WELCOME!

You just started a great new job with a company that cares about community.

A SHARED PURPOSE

Not only are you starting a great new job, you are starting it with a company that wants to do good!

In great communities, people come together to care for one another and invest in the resources the community needs.

Did you know that more than 40 percent of all households in the St. Louis region do not have the monthly income to meet their basic needs, including food, housing, transportation, taxes, health care, and childcare?
That's a staggering number.

By partnering with **United Way of Greater St. Louis**, 160+ nonprofits, hundreds of local companies and thousands of individuals, your new place of work is showing the community and its employees that helping people matters. They're not just supporting a single cause; they're investing in a community-wide effort that strengthens a vital safety net of resources and services.

Together, we are empowering lives, helping over a million people each year, and driving meaningful change!

By pledging to make our community stronger through United Way, you, too, can help build a stronger healthier place for all of us.

Your support of United Way will make a difference in the lives of one in every three people in our region across Missouri and Illinois.

Thank you for being a part of it.
